What others say about this ebook:

Review 1:

An outstanding book for Spanish and English medical interpreters or for those who are looking to expand their Spanish-speaking skills. It is a newer edition and quite easy to follow. I recommend it very highly! An excellent guide this is!

Review 2:

An excellent review!

Review 3:

Fantastico!

Review 4:

Better than the first edition. The convenience of Kindle is a great addition to the books merits. Understanding the cultural implications of the medical context is central to the books value. Well done!

Review 5:

I am so happy to see this 2nd edition of SPANISH AND THE MEDICAL INTERVIEW! As a college professor who has taught the first edition since 2007, I can attest to the effectiveness of its scope and sequence and the integration of language and culture through original vignettes and ?tertulia? activities. I am excited to adopt this second edition, whose expanded chapters, practice exercises, and auto correction answer key will facilitate and enhance self- and group study. Dr. Ortega?s book is a comprehensive manual for healthcare students and practitioners seeking to heal the language and cultural divide for Latino/a patients in the United States.
