## An Illustrated Encyclopaedia of Traditional Symbols

In nearly 1500 entries, many of them strikingly and often surprisingly illustrated, J. C. Cooper has documented the history and evolution of symbols from prehistory to our own day. With over 200 illustrations and lively, informative and often ironic texts, she discusses and explains an enormous variety of symbols extending from the Arctic to Dahomey, from the Iroquois to Oceania, and coming from systems as diverse as Tao, Christianity, Judaism, Buddhism, Islam, Tantra, the cult of Cybele and the Great Goddess, the Pre-Columbian religions of the Western Hemisphere and the Voodoo cults of Brazil and West Africa. 210 black-and-white illustrations

### Trust Drafting for Paralegals

Trust Drafting for Paralegals looks at the practical side of everyday trust drafting. The text takes a look at a wide variety of problems and concerns faced by clients who solicit elder care and estate planning help, including estate tax issues, Medicaid planning issues and creditor protection issues.

### Healer's Choice (Berkley Sensation)

The author of Spider-Touched and Ghostland continues her tale of a postapocalyptic world where the afterlife has come to life... Born into a world of violence and paid-for sex, Rebekka longs for a family of her own and dreams of freeing those trapped in the shapeshifter brothels of the r

### The Place Of Science In Modern Civilisation And Other Essays

This book was originally published prior to 1923, and represents a reproduction of an important historical work, maintaining the same format as the original work. While some publishers have opted to apply OCR (optical character recognition) technology to the process,

**What others say about this ebook:**

**Review 1:**

I kept borrowing this one from the public library and holding on to it way past the due-back date, so I am very happy to have a copy of my very own. Less librray fines that way....

**Review 2:**

A must for art students

**Review 3:**

Good reference book.

**Review 4:**

I thought this book was a great resource. I gave it 4 stars because I believe the content could include more visual references. This is a good book for religious and occult studies.

**Review 5:**

Interesting book for me. I use it to get ideas for things to incorporate into my paintings. Also fun to think about when you are looking at art. easy to use and comprehensive.
