What others say about this ebook:

Review 1:

I thought from the advertisement & description that this map would include road details that would allow me to use it as my source for traveling around the island of Nassau. NOT SO! There are only very basic roads shown and not nearly enough detail. Additionally, this is only a map, NOT a book! AMAZON charges you book rate to ship, which means you are going to pay approximately 4 times the actual cost for shipping! I am a regular shopper here and am typically satisfied, but NOT this time!
