What others say about this ebook:

Review 1:

Good Collection.

Review 2:

bought this to take to my visually impaired 94 yo mother overseas. The print was a good size for her and she enjoyed the stories, some of which she has read but enjoys re-reading.

Review 3:

Review 4:

Rating short stories by the master writers seems a bit more than presumptuous of me. So I won't. I'll just point out that if there is something you have not read, buy this and read it. If you've already read all these short stories long ago, then it's time to reread them.

Review 5:

I found the service to be quick in sending the book to me. The large print is helpful. The stories are varied and interesting.
