Nuvuk, the Northernmost: Altered Land, Altered Lives in Barrow, Alaska

For years, tour guide Daniel Lum has brought visitors as well as his children out to the remote corners of Barrow, Alaska, one of the northernmost cities in the world, to witness polar bears and walrus on the dark, sandy beaches. Over time, snapping pictures for tourists and shooting photographs of his own, he has been a first-hand witness to the profound environmental changes taking place as his homeland shifts and disappears before his eyes. As arguments over climate change rage in more temperate locales, Nuvuk, the Northernmost is a poignant snapshot of life in a town where these changes are impossible to overlook. Lum's vivid photographs of wildlife, such as

What others say about this ebook:

Review 1:

I had the privilege to meet Daniel while in Fairbanks in early March . He is a great guy and really believes in what he writes about .

Review 2:

The author Daniel Lum gives the reader a truly authentic perspective of the way of living on the Alaskan north slope. Fantastic photography mixed with short blurbs. This book is a quick read and a great addition to your coffee table as a unique conversation piece.

Review 3:

My wife and I were fortunate enough a few years ago to have Daniel take us around Barrow (as a guide). He was friendly, knowledgeable, and constantly imparting his experiences from living in Barrow. This is a delightfully simple book. Great pictures with his thoughts and experiences accompanying the pix. It will be a mainstay on our coffee table.

Review 4:

The photographs are delightfully original particularly without an over abundance of photoshopping edits. I really appreciated the Native narrative which was a valuable insight into how these creatures are viewed by local Barrowians.
